King-Parrot Facts

Name _____

Date _____

Boy or girl?

Boys have a bright red head. Girls have a green head and a red belly.

Growing up

Young boys stay green like their mums until they are a few years old.

Food

They eat seeds, fruit, berries and nuts from trees and bushes.

Home

They live in tall, wet forests and nest in hollows inside old trees.

Listen

They make a loud, high "carr-rack" call as they fly.

Where to look

Try the Dandenong Ranges, like Sherbrooke Forest.
